

SCHOOL YEAR MEMORY BOOK

DIRECTIONS:

1. Print out the Cover Page.
2. Print out the following questions page. There are 20 prompts on each page (two of them are blank to make up your own questions with your child if you choose to), so print out how many you'll need for the school year. Example: If there are 200 days in the school year, you'll need 10 pages.
3. Print out the number of pages for days of the school year of the answers page (page 4 in the pdf). This will be a lot of pages (200 for 200 days), so consider printing them double-sided or just printing month to month. You can place these pages in a binder or punch holes in the sheets and secure with ribbon or string. Get creative!
4. Let your child color in the question banners and the cover page if they would like to.
5. Cut out each banner and place them in a jar or some type of container.
6. You're all set up! Each day when your child gets home from school, make this activity a part of your routine and watch your child's school year unfold before your eyes!

MY

SCHOOL YEAR MEMORY BOOK

BY:

.....

YEAR:

GRADE:

.....

.....

What was your favorite activity today?

Who did you sit with at lunch today?

What is your favorite subject right now?

What is the best thing about going to school?

Who did you play with today?

Who would you like to get to know better?

The best moment all day was when:

What do you like best about your teacher?

If I was the teacher, I would:

My favorite subject today was:

One new thing that I learned today was:

What did you eat for lunch today?

One nice thing that someone did for me was:

If I was the principal, I would:

A goal that I have for this school year is:

At school, I can work on improving:

Did the day go quickly or slowly and why?

School is fun when:

DAY OF THE WEEK: _____
